Swindon Christian Community Projects

Swindon Christian Community Projects (SCCP) was started about 12 years ago with Food bank in association with Trussell Trust; followed by Restore project about 5 years ago. SCCP are expanding their work further by opening a new Restore shop in Old Town. SCCP are looking for Christians to volunteer to have a 'strong Christian back bone' to run the shop. SCCP also looking for trustees to serve a maximum term of 6 years from the widest possible range of Churches in the Swindon area, different Christian denominations and streams to work together and to provide wide Christian accountability. We are also developing our management structure and are currently looking to fill voluntary roles of Finance Director and Operations Director to improve our day to day management of the Charity. In previous years Trustees have been heavily involved in day to day management which has meant Trustee activities have had insufficient focus. This is no longer the case, although there is no objection to Trustees volunteering to support the projects in addition to their Trustee roles.

We currently have vacancies for three Trustees, and will continue to need to refresh our Trustees. Ideally Trustees with either Finance, HR or/and Operations skills, although clearly those with other skills and backgrounds who are interested would be considered. We would also like to increase the proportion of women on the Board of Trustees. Anyone currently training in any of the areas above would be welcome..... we don't have any Trustees in their twenties. We have a recently approved Trustee job description please ask if required.

If interested please contact Paul Dixon, whom is based at the Restore project at St. John's Hall, Whitbourne Avenue, Swindon SN3 2LG

Prayers from Care's prayer diary

'And if I have prophetic powers, and understand all mysteries and all knowledge, and if I have all faith, so as to remove mountains, but have not love, I am nothing.'

1 Corinthians 13:2 (English Standard Version)

2nd Sun Creator God, thank You for the intellectual gifts and creative insights of scientists, engineers and researchers, and their discoveries and development of technologies that benefit our world. May they acknowledge You as the true source of wisdom and compassion. Amen.

3rd Mon Ask God to grant wisdom about the rapidly expanding technology of robotics and Artificial Intelligence that many predict will utterly transform society. Pray for Christians who are working in this area to have insight and influence and for God's will to be done in the years ahead.

4th Tues Remember researchers who are developing ethically sound life-saving pharmaceuticals, medical procedures and other treatments. Pray that projects involving cloning and other morally questionable techniques will continue to be outlawed by the international community.

Four regular prayer themes

in every LCC monthly news sheet:

- **Area of our Community:** Pray for people to feel more part of Lawn Community through use of the centre and local amenities.
- **Organisation or ministry area we support:** Pray for food bank as they seek to find more people to serve as trustees, volunteers to help people in our town.
- **An aspect of LCC life:** Pray for our team of deacons as they seek to lead our church, doing many tasks behind the scenes.
- **People within LCC:**
 - Pleased continue to pray for David Lacey who's had a heart attack.
 - Continue to pray for our older folk whom are now living in residential Care: Titch, Mary, Derek and Dorothy.
 - Continue to pray for Liz to know God's strength as she faces each new day.
