

## PROCEDURE FOR RECOGNISING, RESPONDING TO AND REPORTING ABUSE

**Note** – Susan Saunders, Elder and Member of the Leadership Team will act as Church Minister in all policies, procedures, and guidelines relating to Safeguarding.

### 1 What to do if Abuse is Suspected or Disclosed

Abuse and neglect are forms of maltreatment of a child or adult at risk. Somebody may abuse or neglect a child or adult by inflicting harm, or by failing to act to prevent harm. Children and adults at risk may be abused in a range of settings, by those known to them or, more rarely, by a stranger. There are many ways in which people suffer abuse. For more information, please see Appendix 1.

Everyone has his or her part to play in helping to safeguard children and adults at risk within the life of the church:

- If the behaviour of a child or adult at risk gives any cause for concern
- If an allegation is made in any context about a child or adult at risk being harmed
- If the behaviour of any individual towards children or adults at risk causes concern

WHAT TO DO	WHAT NOT TO DO
<ul style="list-style-type: none"> <li>• Listen to and acknowledge what is being said.</li> <li>• Try to be reassuring &amp; remain calm.</li> <li>• Explain clearly what you will do and what will happen next.</li> <li>• Try to give them a timescale for when and how you / the DPS will contact them again.</li> <li>• Take action – don't ignore the situation.</li> <li>• Be supportive.</li> <li>• Tell them that:               <ul style="list-style-type: none"> <li>They were right to tell you;</li> <li>You are taking what they have said seriously;</li> <li>It was not their fault;</li> <li>That you would like to pass this information on to the appropriate people, with their permission;</li> </ul> </li> <li>• Be open and honest.</li> <li>• Give contact details for them to report any further details or ask any questions that may arise.</li> </ul>	<ul style="list-style-type: none"> <li>• Do not promise confidentiality.</li> <li>• Do not show shock, alarm, disbelief or disapproval.</li> <li>• Do not minimise what is being said.</li> <li>• Do not ask probing or leading questions, or push for more information.</li> <li>• Do not offer false reassurance.</li> <li>• Do not delay in contacting the DPS.</li> <li>• Do not contact the alleged abuser.</li> <li>• Do not investigate the incident any further.</li> <li>• Never leave a child or adult at risk waiting to hear from someone without any idea of when or where that may be.</li> <li>• Do not pass on information to those who don't need to know; not even for prayer ministry.</li> </ul>

## 2 Responding to Concerns

When there are concerns that a child, young person or adult is being abused, the following process must be followed. More detailed information can be found in Appendix 2.

If the DPS is not available, or is implicated in the situation, any reports or concerns should be passed to another member of the church Safeguarding Team.

**If you think that anyone is in imminent danger of harm, a report should be made immediately to the police by calling 999.**

### 3 Responding to Concerns Raised about Adults at Risk

When a concern is raised about an adult it should be treated in the same way as a concern about a child i.e. the church worker (paid or voluntary) should:

- 1) **Recognise** that abuse may be taking place
- 2) **Respond** to the concern
- 3) **Record** all the information they have received
- 4) **Report** the concern to the DPS who may, in turn, report it to the statutory authorities

It is not your role to decide whether someone has mental capacity, and is therefore able to make decisions that impact on their safety and well-being. Decisions on mental capacity are best made by professionals with the relevant background information to hand. Always share your concerns with the DPS even if you do not have the consent of the adult to do so – in this instance, make sure the DPS knows that the person concerned has not given consent for the information to be passed on.

The Care Act 2014 provides helpful guidance on these situations:

*“If the adult has the mental capacity to make informed decisions about their safety and they do not want any action to be taken, this does not preclude the sharing of information with relevant professional colleagues. This is to enable professionals to assess the risk of harm and to be confident that the adult is not being unduly influenced, coerced or intimidated and is aware of all the options. This will also enable professionals to check the safety and validity of decisions made. It is good practice to inform the adult that this action is being taken unless doing so would increase the risk of harm”.*

The DPS will consider all the information to hand and decide whether it is appropriate for the information to be reported to the statutory authorities (see appendix 2 for further information). If there are any concerns about an adult's mental capacity, the DPS will contact the Local Authority Adult Safeguarding Team for advice.

### 4 Allegations Against Workers

If you see another worker acting in ways which concern you or might be misconstrued, speak to the DPS about your concerns as soon as you can. This includes the actions or behaviours of those in leadership positions in the church.

Church workers should encourage an atmosphere of mutual accountability, holding each other to the highest standards of safeguarding practice. The following procedure should be followed:

- 1) When an allegation of abuse has been made do not approach the alleged perpetrator about it
- 2) Follow the usual safeguarding procedure: **Recognise, Respond, Record, Report**
- 3) Once the allegation has been reported to the DPS they can liaise with the relevant statutory authority
- 4) Whilst waiting for an outcome from the statutory authorities, the worker about whom concerns have been raised will be supervised as closely as possible, without raising suspicion
- 5) Once the statutory authorities are involved, the church will follow their advice with regard to the next steps to take (for example, suspension of worker, putting a contract in place)
- 6) A written record of all discussions with statutory authorities or other parties should be maintained by the DPS and stored securely and confidentially, where only those directly involved in safeguarding (DPS, Safeguarding Trustee, Minister) can access them.
- 7) No information about the allegation will be shared with people in the church other than those

directly involved in safeguarding; not even for prayer purposes.

The suspension of a worker following an allegation is, by definition, a neutral act. Our priority as a church is to protect children and adults at risk from possible further abuse or from being influenced in any way by the alleged perpetrator.

It may be necessary, for the sake of the child / adult at risk or to satisfy the needs of an investigation, for the alleged perpetrator to worship elsewhere. In such cases the new church DPS will be informed of the reasons for this happening.

#### **When concerns are expressed about the Minister**

Any safeguarding concerns involving a Minister should always be reported immediately to the local Baptist Association Safeguarding Contact in addition to following the church's usual procedures. Do not tell the Minister that a concern has been raised about them.

#### **When concerns are expressed about the church DPS / Safeguarding Trustee**

Any safeguarding concerns involving the DPS or Safeguarding Trustee should be raised with the Minister. Do not tell the DPS / Safeguarding Trustee that a concern has been raised about them.

### **5 Abuse of Trust**

Relationships between children and adults at risk and their church workers can be described as 'relationships of trust'. The worker is someone in whom the child or adult at risk has placed a degree of trust. This may be because the worker has an educational role, is a provider of activities, or is even a significant adult friend. It is not acceptable for a church worker to form a romantic relationship with a child or adult at risk with whom they have a relationship of trust.

While by no means restricted to young leaders, those who are in their early adult years will need to be particularly aware of the need not to abuse their position of trust in their relationships with other young people who are not much younger than themselves.

### **6 Allegations Made Against Children and Adults at Risk**

Children and young people are by nature curious about the opposite sex. However, where a child is in a position of power, has responsibility over another child (as in a babysitting arrangement) and abuses that trust through some sexual activity, then this is abusive. Where one child introduces another child to age-inappropriate sexual activity or forces themselves onto a child, this is abusive. Such situations will be taken as seriously as if an adult were involved, because the effects on the child victim can be as great.

When such an instance occurs, they are investigated by the statutory authorities in the same way as if an adult were involved, though it is likely that the perpetrator would also be regarded as a victim in their own right, as they may have also been abused. It cannot be assumed that young people will grow out of this type of behaviour, as most adult sex offenders started abusing in their teens or even younger. Allegations against adults at risk will be investigated by the statutory authorities. If the alleged perpetrator is unable to understand the significance of questions put to them or their replies, they can access support from an 'appropriate' adult whilst they are being questioned. This role can be filled by a range of people, such as a family member, carer, social worker, etc. In court, adults at risk may be allowed to be assisted by an intermediary or give evidence through a live link.

When an allegation is made against a child or adult at risk the following procedure should be followed:

- 1) Do not approach the person about whom the allegation has been made or their parents / carers
- 2) Follow the church's safeguarding procedure: **Recognise, Respond, Record, Report**
- 3) Seek advice from the DPS, who will speak to the police or social services about when to inform a parent. The DPS will also seek advice about what steps need to be taken to ensure the needs of both the victim and alleged perpetrator are met; this may include placing the child or adult at risk on a Safeguarding Contract or equivalent (see section 3.4: Safer Community / Working with Alleged or Known Offenders)
- 4) Make sure there is pastoral support in place for the child or adult at risk throughout the process involved.

## 7 Pastoral Care

### Following an allegation / suspicion

When an allegation/suspicion arises in the church, a period of investigation will follow, which will be stressful for all involved. The church will ensure that one person is responsible for dealing with the authorities, another offers support to the victim/s and their family, and another gives pastoral care to the alleged perpetrator, without compromising the alleged victims or their families. It may be necessary to appoint other people to support the families involved.

Where a statutory investigation is under way, this support will be provided with the knowledge of the statutory authority involved.

Where the perpetrator accepts some responsibility, they will be encouraged to seek specialised interventions/treatment to reduce the risk of re-offending. This may only be appropriate once the investigation and legal processes have been completed.

### Supporting those who have experienced abuse

As a church, we are committed to caring for those who have experienced abuse and refer to the Baptist Union of Great Britain **Supporting Those who have Experienced Abuse** guide to ensure that we adhere to a model of best practice.

We recognise it is important that those who have experienced abuse:

- Are accepted for who they are, without being made to forgive or being put into a position of feeling guilty and responsible for what happened to them.
- Know that God loves them unconditionally, and that nothing can or will change this truth.
- Can be confident that those in the church community who know about the abuse are with them on their journey – no matter how long or difficult that journey may be.

It may be necessary to signpost individuals to specialist support. The DPS has a list of relevant local information and contacts, ready for anyone who may need it.

## APPENDIX 1 - DEFINITIONS OF ABUSE

### Understanding, Recognising and Responding to Abuse

Abuse and neglect are forms of maltreatment of a child or adult at risk. Somebody may abuse or neglect a child or adult by inflicting harm, or by failing to act to prevent harm. Children and adults at risk may be abused in a family, or in an institutional or community setting; by those known to them or, more rarely, by a stranger. They may be abused by an adult or adults or a child or children. There are many different ways in which people suffer abuse. The list below is, sadly, not exhaustive.

Type of abuse	Child	Adult at risk
<i>Physical</i>	Actual or likely physical injury to a child, or failure to prevent physical injury to a child.	To inflict pain, physical injury or suffering to an adult at risk.
<i>Emotional</i>	The persistent, emotional, ill treatment of a child that affects their emotional and behavioural development. It may involve conveying to the child that they are worthless and unloved, inadequate, or that they are given responsibilities beyond their years.	The use of threats, fear or power gained by another adult's position, to invalidate the person's independent wishes. Such behaviour can create very real emotional and psychological distress. All forms of abuse have an emotional component.
<i>Sexual</i>	Involves forcing or enticing a child to take part in sexual activities, whether or not the child is aware of what is happening. This includes non-contact activities, such as involving children in looking at, or in the production of, pornographic material or watching sexual activities, or encouraging children to behave in sexually inappropriate ways.	Any non-consenting sexual act or behaviour.  No one should enter into a sexual relationship with someone for whom they have pastoral responsibility or hold a position of trust.
<i>Neglect</i>	Where adults fail to care for children and protect them from danger, seriously impairing health and development.	A person's wellbeing is impaired and their care needs are not met. Neglect can be deliberate or can occur as a result of not understanding what someone's needs are.
<i>Type of Abuse</i>	<b>Additional Definitions</b>	
<i>Financial</i>	The inappropriate use, misappropriation, embezzlement or theft of money, property or possessions.	
<i>Spiritual</i>	The inappropriate use of religious belief or practice; coercion and control of one individual by another in a spiritual context; the abuse of trust by someone in a position of spiritual authority (e.g. minister). The person experiences spiritual abuse as a deeply emotional personal attack.	
<i>Discrimination</i>	The inappropriate treatment of a person because of their age, gender, race, religion, cultural background, sexuality or disability.	

<i>Institutional</i>	The mistreatment or abuse of a person by a regime or individuals within an institution. It can occur through repeated acts of poor or inadequate care and neglect, or poor professional practice or ill-treatment. The church as an institution is not exempt from perpetrating institutional abuse.
<i>Domestic Abuse</i>	Domestic abuse is any threatening behaviour, violence or abuse between adults who are or have been in a relationship, or between family members. It can affect anybody regardless of their age, gender, sexuality or social status. Domestic abuse can be physical, sexual or psychological, and whatever form it takes, it is rarely a one-off incident. Usually there is a pattern of abusive and controlling behaviour where an abuser seeks to exert power over their family member or partner.
<i>Cyber Abuse</i>	The use of information technology (email, mobile phones, websites, social media, instant messaging, chatrooms, etc.) to repeatedly harm or harass other people in a deliberate manner.
<i>Self-harm</i>	Self-Harm is the intentional damage or injury to a person's own body. It is used as a way of coping with or expressing overwhelming emotional distress. An individual may also be neglecting themselves, which can result in harm to themselves.
<i>Mate crime</i>	'Mate crime' is when people (particularly those with learning disabilities) are befriended by members of the community, who go on to exploit and take advantage of them.
<i>Modern Slavery</i>	Modern slavery is the practice of treating people as property; it includes bonded labour, child labour, sex slavery and trafficking. It is illegal in every country of the world.
<i>Human Trafficking</i>	Human trafficking is when people are bought and sold for financial gain and/or abuse. Men, women and children can be trafficked, both within their own countries and over international borders. The traffickers will trick, coerce, lure or force these vulnerable individuals into sexual exploitation, forced labour, street crime, domestic servitude or even the sale of organs and human sacrifice.
<i>Radicalisation</i>	The radicalisation of individuals is the process by which people come to support any form of extremism and, in some cases, join terrorist groups. Some individuals are more vulnerable to the risk of being groomed into terrorism than others.
<i>Honour / Forced Marriage</i>	An honour marriage / forced marriage is when one or both of the spouses do not, or cannot, consent to the marriage. There may be physical, psychological, financial, sexual and emotional pressure exerted in order to make the marriage go ahead. The motivation may include the desire to control unwanted behaviour or sexuality.
<i>Female Genital Mutilation</i>	Female genital mutilation (FGM) comprises all procedures involving partial or total removal of the female external genitalia or other injury to the female genital organs for non-medical reasons as defined by the World Health Organisation (WHO). FGM is a cultural practice common around the world and is largely performed on girls aged between 10 and 18. Performing acts of FGM is illegal in the UK as is arranging for a child to travel abroad for FGM to be carried out.
<i>Historic Abuse</i>	Historic abuse is the term used to describe disclosures of abuse that were perpetrated in the past. Many people who have experienced abuse don't tell anyone what happened until years later, with around one third of people abused in childhood waiting until adulthood before they share their experience.

Whilst it is not possible to be prescriptive about the signs and symptoms of abuse and neglect, the following list sets out some of the indicators which might be suggestive of abuse:

- unexplained injuries on areas of the body not usually prone to such injuries
- an injury that has not been treated/received medical attention
- an injury for which the explanation seems inconsistent
- a child or adult at risk discloses behaviour that is harmful to them
- unexplained changes in behaviour or mood (e.g. becoming very quiet, withdrawn or displaying sudden bursts of temper)
- inappropriate sexual awareness in children
- signs of neglect, such as under-nourished, untreated illnesses, inadequate care.

**It should be recognised that this list is not exhaustive and the presence of one or more indicators is not in itself proof that abuse is actually taking place. It is also important to remember that there might be other reasons why most of the above are occurring**

## APPENDIX 2 – DETAILED GUIDANCE ON REPORTING REQUIREMENTS

### STAGE 1 – THE WORKER

The duty of the person who receives information or who has a concern about the welfare of a child, young person or adult at risk is to RECOGNISE the concerns, make a RECORD in writing and RESPOND by passing on their concerns to the DPS. If he/she is not contactable, or they are implicated in the situation, another member of the church Safeguarding Team should be contacted instead.

Concerns should be passed on to the DPS within 24 hours of the concern being raised. If anyone is considered to be in imminent danger of harm, a report should be made immediately to the police by calling 999. If such a report is made without reference to the DPS, they should be informed as soon as possible afterwards.

A written record using the standard incident report form should be made as soon as possible after a child or adult at risk tells you about harmful behaviour, or an incident takes place that gives cause for concern.

#### The record should:

- be hand-written as soon as possible after the event
- be legible and state the facts accurately (when hand-written notes are typed up later the original hand-written notes should be retained)
- include the child or adult at risk's name, address, date of birth (or age if the date of birth is not known)
- include the nature of the concerns/allegation/disclosure
- include a description of any bruising or other injuries that you may have noticed
- include an exact record of what the child or adult at risk has said, using their own words where possible
- include what was said by the person to whom the concerns were reported
- include any action taken as a result of the concerns
- be signed and dated
- be kept secure and confidential and made available only to the church Safeguarding Team (including the church minister), representatives of any statutory authorities involved and the local Baptist association.

If concerns arise in the context of children's or adult at risk work, the worker who has the concern may in the first instance wish to talk it through with their group leader, where appropriate. However, such conversations should not delay concerns being passed on to the DPS. It should be clear that the duty remains with the worker to record and pass on their concerns to the DPS.

If an issue concerns an adult at risk who does not give permission to pass on the information to anyone else, the worker should explain that they will need to speak with the DPS, who will have greater expertise in dealing with the issue at hand.

If a concern is brought to the attention of a group leader by one of the workers, the leader should remind the worker of their duty to record and report, and will also themselves have a duty to pass on the concern to the DPS.

## **STAGE 2 – THE DESIGNATED PERSON FOR SAFEGUARDING (DPS)**

The duty of the DPS on receiving a report is to REVIEW the concern that they have received and REPORT the concern on to the appropriate people, where necessary.

### **The duty to REVIEW**

In reviewing the report that is received, the DPS:

- should take into account their level of experience and expertise in assessing risk to children or adults at risk.
- must take into account any other reports that have been received concerning the same individual or family.
- may speak with others in the church where appropriate (including the Minister and church Safeguarding Team, unless allegations involve them) who may have relevant information and knowledge that would impact on any decision being made. Such conversations should not lead to undue delay in taking any necessary action.
- may consult with other agencies to seek guidance and advice in knowing how to respond appropriately to the concerns that have been raised.

### **The duty to REPORT**

The DPS will decide who the report should be referred on to, working in conjunction with the church Safeguarding Team where appropriate. They may:

- refer back to the worker who made the initial report if there is little evidence that a child or adult at risk is being harmed, asking for appropriate continued observation.
- refer the concern to others who work with the child or adult at risk in question, asking for continued observation where appropriate.
- Inform parents / carers under certain circumstances, where doing so would not present any further risk of harm.
- Make a formal referral to the police or local Social Services team. With adults at risk, confidentiality means that someone's personal business is not discussed with others, except with their permission. This is not always possible when considering passing relevant information about abuse or concerns to the statutory authorities, however, it is possible to keep the information confidential to the relevant parties. This means not telling or hinting to others what has been disclosed, not even for prayer ministry purposes. For adults at risk, concerns will only be referred to the police or Social Services without consent where:
  - the person lacks the mental capacity to make such a choice
  - there is a risk of harm to others
  - in order to prevent a crime
- If an allegation is made against someone who works with children\* the allegation should be reported to the Local Authority Designated Officer (LADO) or equivalent. The LADO is located within Children's Services and should be alerted to all cases in which it is alleged that a person who works with children has:
  - behaved in a way that has harmed, or may have harmed, a child
  - possibly committed a criminal offence against children, or related to a child
  - behaved towards a child or children in a way that indicates s/he is unsuitable to work with children.

- If an allegation is made against someone who works with adults at risk\*, it should be reported to the police or Adult Social Services.

*\*If a worker has an allegation made against them, they should step down from all church duties until the incident has been investigated by the statutory authorities. It may also be appropriate to put a Safeguarding Contract in place; this should be discussed with the local Baptist Association Safeguarding Contact.*

- Whenever a formal referral is made to the police, Social Services or LADO, the DPS should report the referral to:
  - The Safeguarding Trustee
  - The Minister
  - The local Baptist Association Safeguarding Contact

A record should be kept of all safeguarding incidents and should be considered in the annual review of the church's safeguarding policy. All original reports should be retained safely and securely by the DPS and a written record should be made of the actions taken.

### **STAGE 3 – THE NEXT STEPS**

Responsibilities to **REPORT** and **SUPPORT** in stage 3 of the process are shared by the church Safeguarding Team and the Minister.

#### **The duty to SUPPORT**

Once concerns, suspicions and disclosures of abuse have been addressed, the church continues to have a responsibility to offer support to all those who have been affected, including:

Victims; Alleged perpetrators; Children; Adults at risk; Other family members; Church workers; Church Safeguarding Team; Minister; Leadership Team.

#### **The duty to REPORT**

If a church worker has been accused of causing harm to children, young people or adults at risk this would be classed as a serious incident that should be reported to the Charity Commission by those churches that are registered with the Charity Commission.

If a worker has been removed from their post or would have been removed from their post because of the risk of harm that they pose to children, young people or adults at risk, there is also a statutory duty to report the incident to the Disclosure and Barring Service (DBS).
